

Now more than ever we are thankful and grateful for all that you do.

As a new Participation Team we want to support you to build on your achievements and be more sustainable for the future.

We'd like to support you to remain the hub in the heart of your community. Here are some of the ways we can do that:

- **More people** - support to build on this incredible community spirit and recruit more volunteers
- **Covid-19 recovery** - what support does your community need?
- **A listening voice** - what wider issues does your community need support with? Dementia, mental health, BAME communities, loneliness, children & young people? Or can we help you find out?
- **A creative approach** - project ideas and practical development to make things happen in ways that work for you
- **A new local cultural grant** linked to your needs and aims
- **Training** tailored to your organisation
- **A cultural network** - bringing libraries, heritage and museums together

As hubs in the heart of Leicestershire communities, we recognise that you:

- **Support local people who are vulnerable and isolated**
- **Keep people's passions and interests alive**
- **Make communities stronger together**
- **Are the catalysts of change through cultural activity**
