

Sounds make us feel all of these and more...

# OUR **SIMPLY SOUNDS** PROJECT **NEEDS YOU!**

## THE AIM:

To collect 'Two Minutes of Sound' from local people to create a new and unique sounds archive.

## WHY NEW SOUND?:

We want to design a resource which is not language specific and which doesn't exclude any individual or community because of its content.

## WHY YOU?:

We hope to inspire community leaders like yourself, from as many backgrounds, cultures, ethnicities and faiths as possible, to help us reach your respective communities.

## HOW DO WE DO IT?:

Record two minutes of sound and take three photos on a mobile phone. Sounds could be from around the home, from a walk, a place of worship, or anywhere people are able to connect to sound that means something to them.

**FREE WORKSHOPS  
AVAILABLE TO INSPIRE  
AND SUPPORT YOU**

It would be amazing if you could help make  happen!
