Volunteering

News

This summer has been filled with joy and appreciation of nature. We celebrated our Summer Reading Champions at Leicester University Botanic Gardens, while Volunteers Week embraced a nature theme with visits to 1620s House and Garden, bee tours at Bosworth Battlefield, botanical woodblock art, and thyme thank you cards. The season also saw the introduction of new planters at Coalville Library. Keeping them watered, alongside the upkeep of our Museum Gardens has been a real team effort. Thank you everyone!

Updates

Adults and Communities Strategy and Blueprint

The Cabinet approved the Adults and Communities Strategy 2025–2029, which aims to enhance wellbeing and opportunities in Leicestershire. Developed with input from service users and staff, the strategy focuses on clear actions, the importance of co-production, and strong collaboration. It complements our Cultural Blueprint and we welcome you to read them both.
